SENATOR KEYS: No. Mr. President at the proper time tomorrow morning we will probably discuss this resolution, I appreciate Nore's feelings on it, my feelings are probably just as, I don't know exactly which word to use right now, but they are such that I'm certainly not in favor of what the Secretary of Agriculture (inaudible) and those of the delegation from Nebraska are thinking, so at the proper time we will discuss this.

SPEAKER: Is there any further business to come before the body? If not, we will stand at ease until 2:00 p.m. sharp and I'm hopeful that you will all be here on time because, commence the inaugural ceremony, that I believe there are a couple of matters on the clerk's desk which should be disposed of first. Mr. Clerk:

CLERK: Read Title LB 105. Reference Committee Report was read. Legislative Resolution #3. Legislative Resolution #4.

SPEAKER: The resolution will be printed in the journal and any state Senator can sign these resolutions, you just need to communicate with the clerk. I believe at this time we should proceed with the inaugural ceremonies. Mr. Sgt. At Arms.

UNIDENTIFIED: Mr. President the Sgt. At Arms will escort the newly elected state official.
